x For students receiving services in an ENL, TBE or One Way/Two Way Dual Language Program, a program intensity indicator must be set rtdicate if the student is receiving Full or Partial services under the program. This information is being collected to indicate if ELL/MLL students have received the required units of study assired under CR-Part 154. Additional information can be found at the linkhttp://www.nysed.gov/bilingual-ed/schools/units-study-tables-english-new-language-enl-and-biligual-education-programs

Please also note that during the 2017-18 school please, elements related to ELL/MLL students for the 2016-17 school year will be included in the distrievel English Language Learners Data on data.nysed.gov These data elements will include:

- x Home Languages of students in the District
- x Counts of students in ELL/MLL Duration Categories, defined as
  - Newcomer: ELL/MLL students who have received ELL/MLL services for three years or less
  - o Developing: ELL students who have received ELL/MLL services for four to six years
  - Long-term: ELL students who have completed at least 6 years of ELL/MLL services and continue to require them.
- x Counts of ELL/MLL Students with Disabilities.
- x Counts of Students with Inconsistent/Interrupted Formal Education (SIFE). These are ELL/MLL students who have entered a U.S. school afteonsegrade, have had at least two years less schooling than their peers; function at least twears below expected grade level in reading and mathematics, and may be pre-literate in the finanguage. In September of 2016, the Office of Bilingual Education and World Languages releated Multilingual Literacy Screener (MLS) as part of the valuable resources designed to suppostricts and schools in the identification of Students with Inconsistent/Interrupted Formalucation (SIFE). As of October 2017, all districts are required to use the MLS to identify SIFE.
