Re: Guidance on Pupil Transportation for Resident Students Attending Non- District Instruction During Periods of Remote Instruction for District Students

All students are entitled to transportation by school districts to the extent required by law flexibility in fulfilling the districts own instructional needs would allow them to reduce the instructional opitable to resident students by reducing the levels of transportation provided to resident students who participate in programsot operated by the school district (special education, nonpublic school, charteschool or BOCES/otheroperated CTE, etc.) NYS ¥
