2. Please provide an analysis of public comment for the updated American Rescue Plan (ARP) - Elementary and Secondary School Emergency Relief (ESSER) funding.

The community was invited to a zoom meeting where plans for how the district will be utilizing the funding were presented. During this meeting community members could ask questions and give feedback. A google form was also used to collect community feedback. In some of the planning conversations leading up to this concerns from the community centered around learning loss and SEL supports. These concerns were directly addressed in how the district plans on using the funding. Therefore, plans for use of the ESSER funding were well received. The community appreciated that their concerns were addressed and that the district was using this funding to continue support student acheivement overall.

3. Please provide a description of program goals and per pupil teacher ratios for priorities supported by ARP - ESSER funding. Click on "Add Row" as needed to include additional program goals.
