

PLAN Pilot Frequently Used Terms:

# Performance-Based Learning (PBL)

assessment, from the classroom to the state level, and they can add evidence to answer questions about student learning. Local assessments still support instruction

## **Continuum of Assessments in a Multiple-Measures System**

Depending on the purpose for which an assessment is being used, performance tasks can be part of standardized assessments—as shown toward the left/center of the continuum—or can be designed to incorporate a greater degree of student initiative and choice.

## There is no single “right” way to use PBLA.

Performance-based assessments can be:
